Funded by Microsoft, delivered by Changing Social...

The Workshop Overview

As the hub for teamwork, Microsoft Teams is designed to help organisations improve collaboration and increase efficiency by automating key business processes. With the Teams Apps and Solutions Workshop, Changing Social will work with you to identify ways to improve workplace productivity and meet your business goals, leveraging the Microsoft Teams platform.

Learn what the Microsoft Teams platform can do for your organisation. Our consultants will walk you through the Art of the Possible, working with you to identify and prioritise key business scenarios to help solve your specific collaboration challenges. During the workshop, we'll show how opportunities to customise and extend your Microsoft Teams workspace using the power of automation.
