

Reaching your Frontline Workers with **Microsoft Teams**

Funded by Microsoft,
delivered by Changing Social...

The Enable Frontline Workshop, will work through various frontline worker challenges and pain points to identify prioritised scenarios for your frontline workforce. Enabling these scenarios is Microsoft Teams, that is designed to help organisations improve collaboration, increase efficiency, build teamwork, and introduce automation for key business processes.

See what's possible

At Changing Social, our consultants will walk you through the art of the possible, working with you to identify opportunities for your frontline workforce to enable new, more effective ways of working. During the workshop, we'll develop an actionable plan based on your frontline workforce needs to help you move forward.

We'll work with you to:

Identify and prioritise key use case scenarios

Explore opportunities to streamline business processes and improve productivity outcomes

Provide an implementation plan and next steps to help you achieve your desired goals

Why Changing Social?

With extensive solution development experience, Changing Social can help you improve workforce productivity through identifying top prioritised scenarios in your frontline workforce, leveraging the Teams platform.

We will work with you to understand your environment and identify opportunities to help you achieve continuous business value from your Teams investment. With industry and technology experience, you can count on us as your trusted partner in your transformation journey.
