

# Viva Connections: The features

Drive employee engagement in your organisation

## What is Microsoft Viva Connections?

Microsoft Viva Connections is your gateway to a modern engagement experience, which is designed to keep everyone engaged and informed. Viva Connections gives everyone a personalised destination to discover relevant news, conversations, and the tools they need to succeed and to allow you to foster a culture of inclusion and inspiration.

## Why Microsoft Viva Connections?

**Certain departments or teams can sometimes feel disengaged and isolated from the rest of the organisation;**

- Viva Connections helps to foster a culture of inclusion.

**Frontline workers often do not have a voice, or feel connection to the main organisation;**

- Viva Connections ensures everyone is connected and empowers every employee to contribute ideas and share feedback.

**There is often a disconnect between leaders and workers;**

- Viva Connections aligns the entire organisation around the organisation's vision, mission, and strategic priorities.
- Viva Connections Encourages meaningful connections by enabling employees to easily discover relevant communications, communities, and tools

## Company landing page

Create a personalised landing experience for your organization

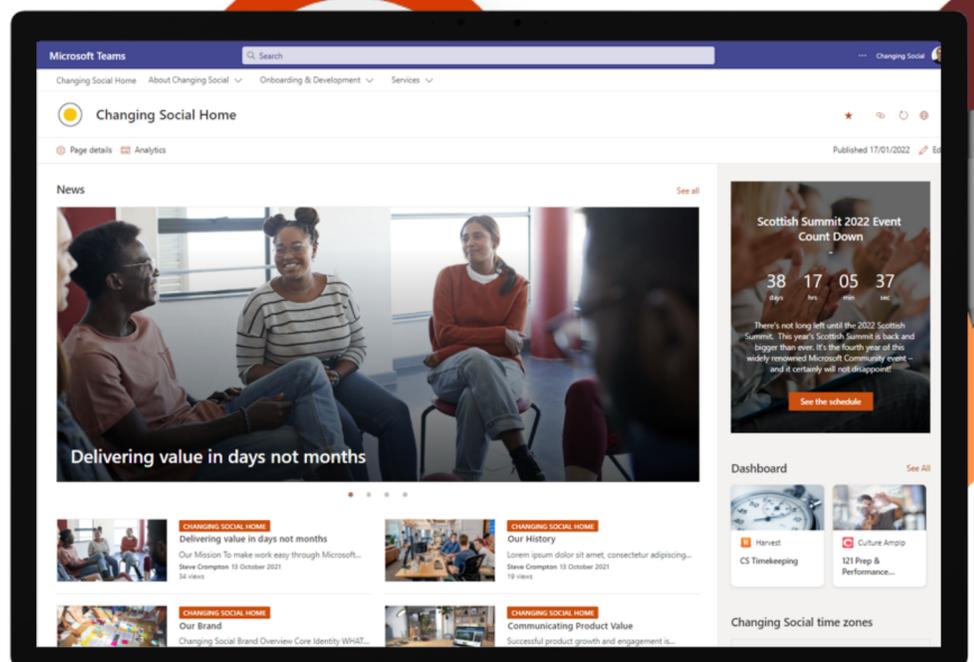

Connect the workplace with **intelligent search and rich navigation** to sites and applications.

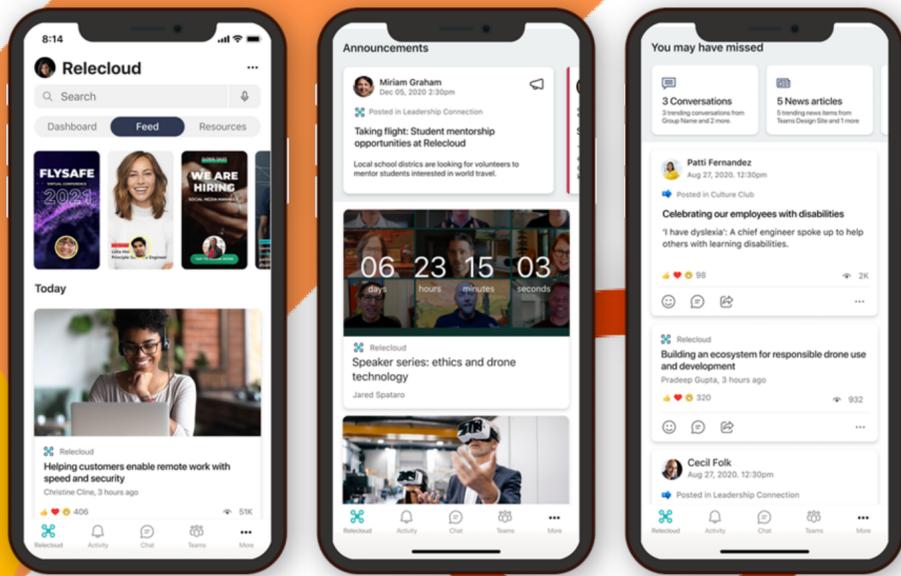

Showcase news and information to the right people with **audience targeting**.

Foster connections across the organisation with **social conversations**.

Share compelling communications with **intelligent video**.

Create a beautiful, dynamic employee experience that is **accessible and available across devices**.

## News and announcements

**Target the right news, to the right employees, at the right time, right where they work**

**Create modern and compelling communications with consumer grade design tools.**

**Engage everyone** from executives to frontline workers on their large screen or mobile device.

**Utilise audience targeting** or share new content in the all-company feed.

**Give critical content a boost** to help it stand out. Raise items up in feeds based on properties like "Always on top", "Until read", "X number of impressions", and more.

**Aggregate relevant news** from across Microsoft 365 services.

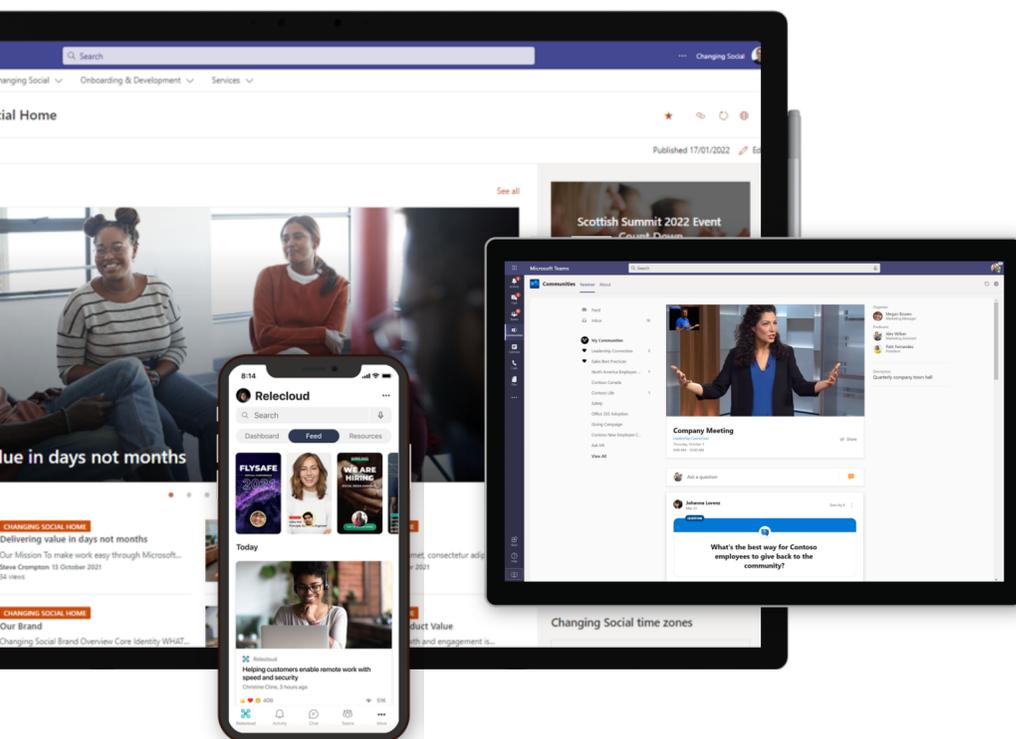

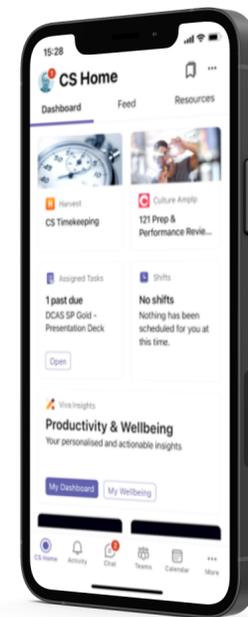

## Employee dashboard

**View your dashboard of critical apps and resources**

**Stay in the flow** with prompts and nudges.

Streamline **visibility** into key metrics, employee resources, and other high value info.

**Create no code, low code, and custom tiles**, or from partners, for all your needs.

## Company-wide events

**Reach all employees in a modern, interactive media**

**Schedule, produce and present** in meetings that can be broadcasted to up to 10K attendees.

**Employees can watch and participate** in the event in live or on-demand (recording) on the desktop, web, or mobile.

Managed question and answer experience allows presenters and staff to reply publicly, privately, or hide questions.

Utilise **attendee engagement reports** to have a complete view of attendee metrics.

## Why Changing Social?

We are Microsoft Gold Partners and have a great deal of experience in supporting organisations make the most of their technology. Our approach is to focus on the people side of digital transformation, with the goal of making work easier through new ways of working. We have experience in the Microsoft PowerPlatform and have built solutions with and for some of the world's most recognisable brands.
